

FIND A HOME WITH A HOUSING CHOICE VOUCHER

Housing Opportunities Made Equal of Virginia (HOME of VA)

The Move to Opportunity Program

This program helps families and individuals with Housing Choice Vouchers (previously Section 8 Vouchers) find new housing choices in areas of opportunity. By working closely with landlords and by empowering you with knowledge and tools to become a good tenant, we can help ensure you find a home in a neighborhood that is right for you and your family.

HOME Can Help:

Assign a counselor to help you during your housing search.

Provide guidance through the leasing process.

Provide follow up and supportive services.

Where You Live Makes a Difference

Where you live impacts nearly every facet of your life including where you work, where you shop for groceries, where your children go to school, or what doctors you can go to. Simply being closer to your job, or having your children enrolled in a good school can make all the difference in your quality of life.

In our program, your individual housing needs will be assessed to find the home that best suits you.

Fair Housing Laws Protects You

Source of funds became a protected class in the Virginia Fair Housing Law on July 1, 2020.

This means it is illegal to discriminate against someone for receiving funds like a Housing Choice Voucher when applying for housing.

Find out more about your fair housing rights and let HOME know if you have faced discrimination:

Discrimination may look like:

- A Landlord charges more or requires an extra deposit for those with a Voucher.
- Rental listings that say “no section 8.”
- A landlord making demeaning comments about whether or not a tenant deserves their Voucher.
- Refusing to rent to a qualified tenant because of stereotypes about people who receive Vouchers.
